

CISC 3140 Lab 5

Due 15 March @ 14:14:59

Preliminary

To unzip downloaded . gzip, csv. gz, or . zip file

1. Navigate to your download folder.
2. Double-click the file.
3. Your operating system will automatically unzip to the correct format.

Task 1

Question: “What spaces were held by the film permits?”

Dataset: Film_Permits.csv

Solution: `awk -F "," '{print $2}' Film_Permits.csv`

Task 2

Open Film_Permits.csv

Incorporate it to bash script

Write the “code” to extract a column from the csv file

Run the command similar to professor’s example: `./task3-script`
